

Ragnar Wessels

Data Warehouse expert and Lead Oracle Developer

Profile

Ragnar Wessels has a bachelors degree in computer science from the University HTS in Heerlen (The Netherlands) gained in 1998, as well as OCP certifications in the Oracle development tools and Oracle 9i database administration.

Ragnar has 9 years of experience in IT as a functional analyst, programmer-analyst and consultant. During this period he has principally worked for clients in the banking business and the public sector, always in an Oracle environment.

Ragnar is an autonomous, sociable and flexible with a sense of responsibility and a capacity to learn quickly. My technical know-how in an Oracle context as well as my ability to speak multiple languages enable me to work and communicate in a wide range of projects and teams.
