

OBIEE 12c Repository (RPD) Modeling

Course Overview

This advanced course spends two days looking in-depth at the principles and practicalities of Repository (RPD) design in OBI 12c. The course has been updated for OBIEE 12c, but is just as relevant if your organisation is on an earlier release of 12c.

Who Should Attend

Developers and Tech Leads

Previous Knowledge

None Required

Duration

2 Days
